

The complete online board communications tool.

Introducing CUboardroom V

Collaborate. Communicate. Disseminate. *Better.*

CUboardroom simplifies the way you communicate with your board, committees, management, staff, or any other groups by centralizing official correspondence via a highly secure, web-enabled communications channel.

Accessible anywhere you have Internet connectivity – from home, the office or the road, engage your board and committee members.

First introduced in 2001, CUboardroom is the optimum environment for efficient, organized meetings, designed specifically for credit unions. CUboardroom allows your board and committee members to:

Events

View upcoming events

RSVP to events

View event agendas and associated documents & votes

Receive notifications and reminders

Documents

View many file types including PDFs, Word, and Excel

Approve Documents

Discuss Documents

Receive notifications and reminders

Votes

Vote online

Vote discussions

View documents associated to the vote

Receive notifications and reminders

Discussions

View and participate in private discussions with your board or committee

Create new topics for discussion

Receive notifications

Expenses

Add monthly expenses and upload receipt files for expedited reimbursement

CUboardroom empowers your administrators with easy-to-use features such as document drag & drop, multi-file uploading, quickly create News and Announcements, easily manage users and groups, and view user activity.

Security features include world class hosting security with multifactor authentication and true encryption at rest.

Please contact us at services@corpam.org to obtain additional information or to schedule a demo.

AFFORDABLE. SECURE. TRUSTED.
