INDEPENDENT AUDITORS' REPORT

Supervisory Committee and Board of Directors Corporate America Credit Union and Subsidiary Irondale, Alabama

Report on Financial Statements

We have audited the accompanying consolidated financial statements of Corporate America Credit Union and Subsidiary, which comprise the consolidated statements of financial condition as of December 31, 2020 and 2019, and the related consolidated statements of income, comprehensive income, changes in members' equity, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Supervisory Committee and Board of Directors Corporate America Credit Union and Subsidiary

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Corporate America Credit Union and Subsidiary as of December 31, 2020 and 2019, and the results of their operations and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Report on Internal Control Over Financial Reporting

We also have audited in accordance with auditing standards generally accepted in the United States of America, Corporate America Credit Union and Subsidiary's internal control over financial reporting, including controls over the preparation of regulatory financial statements in accordance with the Federal Financial Institutions Examination Council Instructions for Consolidated Reports of Condition and Income (call report instructions), as of December 31, 2020, based on criteria established in Internal Control - Integrated Framework (2013), issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO), and our report dated March 15, 2021, expressed an unqualified opinion.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management Review

Management has evaluated subsequent events through March 15, 2021, the date on which the consolidated financial statements were available to be issued.

Nature of Business

Corporate credit unions are nonprofit cooperatives that make up the corporate credit union system. The primary purpose of corporate credit unions is to assist their natural-person credit union members in the financial services market. Corporate America Credit Union (Corporate America or the Corporate), an Alabama state chartered credit union, was established to operate as a corporate credit union for the purpose of meeting its members' liquidity and investment needs as well as providing settlement and other financial services. Corporate America's members consist of credit unions located across the nation. Corporate America's board of directors is composed of current executive management from the Corporate's member credit unions. Corporate America is regulated by the Alabama Credit Union Administration (ACUA) and insured by the National Credit Union Administration (NCUA).

Corporate America's wholly owned subsidiary, SmartSource Solutions, LLC, was formed for the purpose of providing web development, hosting, and content management services and offering online solutions for members and the credit union industry.

Principles of Consolidation

The consolidated financial statements include the accounts of Corporate America Credit Union and its wholly owned subsidiary, SmartSource Solutions, LLC. All significant intercompany accounts and transactions have been eliminated.

Financial Statement Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Specifically, management has made assumptions in estimating the fair values of the defined benefit plan, financial investments, in the assessment of other-than-temporary impairment of investments and in the amortization and accretion of premiums and discounts on investments subject to prepayment risks. Actual results could differ from those estimates.

Concentration of Credit Risk

Corporate America may be exposed to credit risk since the majority of the Corporate's business activity is with its members who are primarily credit unions located across the nation. Corporate America makes loans to these member credit unions; substantially all of the borrowing credit unions' assets, excluding residential real estate loans, are secured as collateral. Periodic credit reviews are made in order to assist the Corporate in determining the appropriate levels of allowance for doubtful accounts. Corporate America has certain member credit unions which maintain significant deposit balances. Deposits of the top five members aggregated 14% and 25% of total member deposits at December 31, 2020 and 2019.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Concentration of Credit Risk (Continued)

Financial instruments which potentially subject the Corporate to concentrations of credit risk include cash and cash equivalents, investments, and loans to members. Cash and cash equivalents are placed with the Federal Reserve and the Federal Home Loan Bank (FHLB) and, at times, deposits may exceed federally insured limits. Investments consist primarily of debt obligations of the U.S. Government or its agencies or other asset-backed securities and FHLB stock.

Cash and Cash Equivalents

For purposes of statement of financial condition classification and the statement of cash flows, cash and cash equivalents include cash on deposit, cash items in the process of collection and amounts due from correspondent depository institutions with maturities less than 90 days. Cash flows from loans and FHLB investments, members' accounts and borrowed funds are reported net in the statement of cash flows.

Investment Securities

Investment accounting practices have been adopted as follows:

Available-for-Sale: Government and government agency bonds, government sponsored enterprises, mortgage-backed securities, private label commercial mortgage pass-through securities and other asset-backed securities are classified available-for-sale when the Corporate anticipates that the securities could be sold in response to rate changes, prepayment risk, liquidity, availability of and the yield on alternative investments and other market and economic factors. These securities are reported at fair value.

Unrealized gains and losses on securities available-for-sale are recognized as direct increases or decreases in accumulated other comprehensive income (loss). Purchase premiums and discounts are recognized in interest income using methods approximating the interest method over the terms of the securities, except for mortgage-backed securities where prepayments are anticipated. In addition, for callable debt securities purchased at a premium, the amortization period is shortened to the earliest call date.

Gains and losses on the sale of securities are recorded on the trade date and the costs of securities sold are determined using the specific identification method.

Corporate America follows the accounting guidance related to recognition and presentation of other than temporary impairment (OTTI), which is primarily codified in FASB ASC 320-10. This guidance specifies that (a) if a company does not have the intent to sell a debt security prior to recovery and (b) it is more likely than not that it will not have to sell the debt security prior to recovery, the security would not be considered other than temporarily impaired unless there is a credit loss. When an entity does not intend to sell the security and it is more likely than not the entity will not have to sell the security before recovery of its cost basis, it will recognize the credit component of an OTTI of a debt security in earnings and the remaining portion in other comprehensive income. There was no OTTI as of December 31, 2020 and 2019.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Securities (Continued)

In accordance with this OTTI guidance, for debt securities that the Corporate intends to sell or would more likely than not be required to sell before the expected recovery of the amortized cost basis, OTTI is recognized in earnings as the difference between the security's amortized cost basis and fair value. For debt securities that management has no intent to sell and believes that it more likely than not will not be required to sell prior to recovery, only the credit loss component of the impairment is recognized in earnings, while the fair value loss is recognized in accumulated other comprehensive loss. The credit loss component recognized in earnings is identified as the amount of principal cash flows not expected to be received over the remaining term of the security as projected based on cash flow projections. See Note 2 to the consolidated financial statements for disclosures related to Corporate America's investment in securities and other than temporary impairments.

Other Investments

Other investments are recorded at cost and evaluated for credit events resulting in impairment.

Federal Home Loan Bank Stock

Corporate America's investment in stock of the FHLB is accounted for at cost because it does not have a readily determinable market value and because its ownership is restricted. At December 31, 2020 and 2019, the Corporate maintains the minimum investment required by the FHLB, which amounted to \$2,651,100 and \$2,145,200, respectively. Management evaluates the FHLB stock annually for impairment based on the ultimate recoverability of the cost basis in the FHLB stock.

Central Liquidity Facility Stock

Corporate America is an agent member of the Central Liquidity Facility (CLF). The Coronavirus Aid, Relief and Economic Security Act (CARES Act) allowed Corporate America to become an agent member of the CLF and purchase CLF capital stock on behalf of a select group of member credit unions, with this obligation expiring on December 31, 2020. The Consolidated Appropriations Act, 2021 extended this obligation to December 31, 2021. This and all other obligations of the Consolidated Appropriations Act related to the CLF will expire on December 31, 2021. The stock has no quoted market value and is carried at cost.

Loans to Members

Loans to members consist of settlement loans, demand loans, and term loans. Loans to members are stated at the unpaid principal amount outstanding, net of any related allowance for loan losses. Interest rates charged on settlement and demand loans are at a variable rate. Term loans are advanced at fixed rates. Interest income is accrued on the daily balance outstanding at the rate in effect. Loans to members are secured by substantially all of the member's assets excluding residential real-estate loans.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Loans to Members (Continued)

The allowance for loan losses is based on management's evaluation of the collectability of the loans. The evaluation of management includes consideration of prior loan loss experience, the results of internal review procedures, the current financial condition of the borrower, and the quality of the collateral and current economic conditions affecting the inherent collection risks of the loan portfolio. The accrual of interest is discontinued when management believes that the collection of interest is doubtful. Corporate America has not historically incurred loan losses. At December 31, 2020 and 2019, management determined that all loans were collectable and, therefore, no allowance for loan losses was recorded.

Property and Equipment

Land is carried at cost. Building, furniture, fixtures, and equipment are carried at cost less accumulated depreciation and amortization. Depreciation and amortization is calculated over the estimated useful lives of the assets (typically ranging from 2 to 30 years) using the straight-line method.

Credit Union Service Organization (CUSOs) Equity Investments

CUSOs are entities created to serve credit unions and are subject to review by the NCUA. The Corporate is a less than 20% owner in Primary Financial Company, LLC and CU Investment Solutions, LLC, which are CUSOs. As of December 31, 2020 and 2019, the stock in Primary Financial Company, LLC is reported in other investments at the equity value of \$284,995 and \$277,195, respectively. As of December 31, 2020 and 2019, the stock in CU Investment Solutions, LLC is reported in other investments at the equity value of \$332,148 and \$-0-, respectively. Management evaluates CUSO stock annually for impairment. The Corporate's consolidated wholly owned subsidiary, SmartSource Solutions, LLC is a CUSO.

National Credit Union Share Insurance Fund

The deposit in the National Credit Union Share Insurance Fund (NCUSIF) is in accordance with NCUA regulations, which require the maintenance of a deposit by each insured credit union in an amount equal to 1% of its insured shares. The deposit would be refunded to the Credit Union if its insurance coverage is terminated, it converts to insurance coverage from another source, or the operations of the fund are transferred from the NCUA Board.

Deferred Settlement Balances

Deferred settlement balances primarily consist of uncollected cash items such as uncollected cash letters and net ACH transactions that have not cleared the Federal Reserve Bank, and are not deemed material at December 31, 2020 and 2019.

Members' Accounts

Members' shares are subordinated to all other liabilities of the Corporate upon liquidation. Interest on members' accounts is based on available earnings at the end of an interest period and is not guaranteed by the Corporate. Interest rates on members' accounts are set by management, as authorized by Corporate America's board of directors, based on an evaluation of current and future market conditions.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Members' Equity - Perpetual Contributed Capital (PCC) and Perpetual Paid-in-Capital (PIC)</u>

As of December 31, 2020 and 2019, Corporate America had the following perpetual contributed capital and perpetual paid-in capital outstanding:

- PIC III is a nonvoting class of membership equity investment in Corporate America that is perpetual nonmaturing and noncumulative. As of December 31, 2020 and 2019, \$85,320,000 in PIC III was outstanding with no stated maturity.
- PCC I is a nonvoting class of membership equity investment in Corporate America that is perpetual nonmaturing and noncumulative. As of December 31, 2020 and 2019, \$8,180,817 in PCC I was outstanding with no stated maturity.
- PCC II is a nonvoting class of membership equity investment in Corporate America that is perpetual nonmaturing and noncumulative. As of December 31, 2020 and 2019, \$6,594,703 in PCC II was outstanding with no stated maturity.

Effective October 20, 2011, the Revised Corporate Part 704 Rule established new capital types. The term "perpetual contributed capital" (PCC) replaced "paid-in-capital" (PIC) for any new issuances. The shares that were issued prior to the rule revision will remain classified as paid-in capital.

For consolidated financial statement presentation at December 31, 2020 and 2019, PIC III, PCC I and PCC II accounts are classified as substantially restricted equity and dividend payments are recorded as a reduction of equity.

Perpetual paid-in capital (PIC III) is a separate subordinate, nonvoting class of membership equity investment in Corporate America that is perpetual nonmaturing and noncumulative. Payment of dividends and repayment of principal is subordinate to all share certificate accounts and all previous issues of paid-in capital accounts (PIC I and PIC II). PIC III accounts are wholly at-risk and are not subject to share insurance coverage by the NCUSIF, were offered at the discretion of Corporate America, are callable only at the option of Corporate America with prior permission from both the NCUA and the ACUA, may not be pledged in whole or in part, and are available to cover losses that exceed the Corporate's retained earnings. In the event of liquidation, funds in the PIC III accounts are payable only after satisfaction of all liabilities including perpetual contributed capital and all previously issued paid—in capital.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Members' Equity - Perpetual Contributed Capital and Perpetual Paid-in-Capital (Continued)</u>

Perpetual contributed capital (PCC I) is a subordinate, nonvoting class of membership equity investment in Corporate America that is perpetual nonmaturing and noncumulative. Payment of dividends and repayment of principal is subordinate to all liabilities of the liquidation estate including uninsured obligations to shareholders and the NCUSIF but not including contributed capital accounts issued before January 18, 2011. However, paid-in capital that is used to cover losses in a calendar year previous to the year of liquidation has no claim against the liquidation estate. PCC I accounts are not subject to share insurance coverage by the NCUSIF or other share or deposit insurance, were offered at the discretion of Corporate America, are callable only at the option of Corporate America with prior permission from both the NCUA and ACUA, may not be pledged against borrowings, and are available to cover losses that exceed the Corporate's retained earnings. In the event of liquidation, any claims made by the holders of PCC I will be subordinate to all other claims, including uninsured obligations to shareholders and the NCUSIF, but not including contributed capital accounts issued before January 18, 2011.

Perpetual contributed capital (PCC II) is a subordinate, nonvoting class of membership equity investment in Corporate America. Payment of dividends and repayment of principal with respect to Corporate America Perpetual Contributed Capital II is subordinate to all liabilities of the liquidation estate including uninsured obligations to shareholders and the NCUSIF except contributed capital accounts issued before January 18, 2011. However, paid-in capital that is used to cover losses in a calendar year previous to the year of liquidation has no claim against the liquidation estate. PCC II has no scheduled maturity date and is not redeemable except upon call by Corporate America and subject to maintenance of capital levels mandated by the NCUA, the ACUA, and the capital plan as set forth by the board of directors of Corporate America Credit Union from time to time. In order to call PCC II, Corporate America would have to have prior permission from both the NCUA and the ACUA. PCC II accounts are callable on a pro-rata basis across an issuance class.

Members' Equity - Undivided Earnings

Undivided Earnings represents the balance of retained earnings which is available for dividends.

Members' Equity – Reserves

Corporate America is required by the NCUA and ACUA to maintain corporate and special reserves which are calculated in accordance with applicable federal and state regulations. The amounts in these reserves are not available for dividends (see Note 7 - Regulatory Capital).

Income Taxes

Corporate America is exempt from federal income taxes under provisions of the Internal Revenue Code, Section 501. The state of Alabama imposes a 6.5% excise tax on the taxable income of state-chartered credit unions. The Corporate's subsidiaries are also exempt from federal and state income taxes.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes (Continued)

Corporate America has assessed its activities and any potential federal income tax liability. Corporate America believes that it has appropriate support for the income tax positions taken and to be taken on its tax returns based on an assessment of many factors including experience and interpretations of tax laws applied to the facts of each matter. In the opinion of management, any liability arising from federal taxation of activities deemed to be unrelated to its exempt purposes is not expected to have a material effect on the Corporate's financial position or results of operation. Corporate America has concluded that there are no significant uncertain tax positions requiring disclosure, and there are no material amounts of unrecognized tax benefits requiring recognition in the consolidated financial statements.

The taxing authorities have the ability to assess taxes, penalties, and interest for any years for which no tax return was filed. In the opinion of management, the potential tax liability, and any potential additional liability resulting from the taxing authorities imposing taxes, penalties, and interest on the taxes due is not expected to have a material effect on the Corporate's financial position or results of operations.

The Corporate has evaluated its tax positions and determined no uncertain tax positions exist as of December 31, 2020 and 2019.

Years 2017 through 2019 are subject to audit by Federal and State tax authorities.

Retirement Plans

Pension expense is the service costs of the plan. The net of interest cost, return on plan assets and amortization of gains and losses not immediately recognized are recorded as other operating expense. Employee 401(k) and profit sharing plan expense is the amount of matching contributions.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Comprehensive Income

Comprehensive income consists of net income and other comprehensive income (loss). Other comprehensive income (loss) includes unrealized gains and losses on securities available-for-sale and changes in the funded status of defined benefit plan assets. At December 31, 2020 and 2019, accumulated other comprehensive loss was comprised of the following:

	Securities - Available-for- Sale	Available-for- Benefit	
BALANCE - DECEMBER 31, 2018	\$ (16,169,936)	\$ (5,610,318)	\$ (21,780,254)
Other Comprehensive Loss Before Reclassifications	(906,895)	(1,700,038)	(2,606,933)
Amounts Reclassified from Accumulated Other Comprehensive Loss	283,996	593,755	877,751
Net Prior Period Other Comprehensive Loss	(622,899)	(1,106,283)	(1,729,182)
BALANCE - DECEMBER 31, 2019	(16,792,835)	(6,716,601)	(23,509,436)
Other Comprehensive Gain (Loss) Before Reclassifications	19,499,578	(1,142,276)	18,357,302
Amounts Reclassified from Accumulated Other Comprehensive Loss	(2,367,314)	659,915	(1,707,399)
Net Current Period Other Comprehensive Income (Loss)	17,132,264	(482,361)	16,649,903
BALANCE - DECEMBER 31, 2020	\$ 339,429	\$ (7,198,962)	\$ (6,859,533)

Loss Contingencies

Loss contingencies, including claims and legal actions arising in the ordinary course of business, are recorded as liabilities when the likelihood of loss is probable and an amount or range of loss can be reasonably estimated. Management does not believe there now are such matters that will have a material effect on the consolidated financial statements.

Off-Statement of Financial Condition Credit Related Financial Instruments

In the ordinary course of business, the Corporate has entered into commitments to extend credit. Such financial instruments are recorded when they are funded.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition

The Corporate recognizes revenue in accordance with Revenue from Contract with Customers (Topic 606). Refer to Note 12 Revenue from Contracts with Customers for further details of disaggregated revenue.

The Corporate applies the following optional exemptions that are permitted under the Topic 606, which have been applied consistently to all contracts within all reporting periods presented:

- The Corporate recognizes the incremental cost of obtaining a contract as an expense, when incurred, if the amortization period of the asset that the Credit Union would have recognized is one year or less.
- For performance obligations satisfied over time, if the Corporate has a right to consideration from a member in an amount that corresponds directly with the value to the member of the Corporate's performance completed to date, the Corporate will generally recognize revenue in the amount to which the Corporate has a right to invoice.
- The Corporate does not generally disclose information about its remaining performance obligations for those performance obligations that have an original expected duration of one year or less, or where the Corporate recognizes revenue in the amount to which the Corporate has a right to invoice.

Topic 606 does not apply to revenue associated with financial instruments, including revenue from loans and securities. Topic 606 is applicable to Noninterest Income such as service charges and member account fees. Significant components of Noninterest Income considered to be within the scope of Topic 606 is discussed below.

Service Charges and Member Account Fees

The Corporate earns fees from its members for transaction-based, account maintenance, and web hosting/development services. Transaction-based fees, which include services such as share draft processing, branch capture processing, wire transfers, ACH origination and receipt, and web development, are recognized at the time the transaction is executed as that is the point in time the Corporate fulfills the member's request. Account maintenance fees and web hosting fees, which relate primarily to monthly maintenance, are earned over the course of a month, representing the period over which the Corporate satisfies the performance obligation.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition (Continued)

Other Income

The Corporate acts as an agent for third-party vendors that provide investment services and products. Upon completion of a sale of investment services or products to a member, the Corporate receives a commission from the third-party vendor. The performance obligation to the third-party vendor is satisfied and the commission income is recognized at that point in time.

Additionally, other income is earned as referral fees from third-party vendors. Upon completion of the sale by third-party vendors of products or services to a member, the Corporate receives referral fee income. The performance obligation to the third-party vendor is satisfied and the referral fee income is recognized at that point in time.

New Accounting Pronouncements

On January 1, 2020, the Corporate adopted ASU 2017-08, Receivables – Nonrefundable Fees and Other Costs (Subtopic 310-20): Premium Amortization on Purchased Callable Debt Securities. The guidance requires an entity to shorten the amortization period for certain purchased callable debt securities held at a premium to the earliest call date. ASU 2017-08 did not have an impact on the consolidated financial statements.

Subsequent Events

In preparing these financial statements, the Corporate has evaluated events and transactions for potential recognition or disclosure through March 15, 2021, the date the financial statements were available to be issued.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reclassification of 2019 Data

Data in the 2019 financial statements has been reclassified to conform with the presentation of the 2020 financial statements. This reclassification did not result in any change to net income or members' equity.

NOTE 2 SECURITIES AND OTHER INVESTMENTS

AVAILABLE-FOR-SALE

NOTE 2 SECURITIES AND OTHER INVESTMENTS (CONTINUED)

AVAILABLE-FOR-SALE (CONTINUED)

Temporarily Impaired Securities (Continued)

At December 31, 2020, the 285 securities with unrealized losses have depreciated 1.14% from the Credit Union's amortized cost basis. All of these securities are either guaranteed by federal insurance, the U.S. Government, and/or secured by mortgage loans. These unrealized losses relate principally to current interest rates for similar types of securities. In analyzing an issuer's financial condition, management considers whether the securities are issued by the federal government or its agencies, whether downgrades by bond rating agencies have occurred, and the results of reviews of the issuer's financial condition. As management has the ability to hold securities until maturity or for the foreseeable future for those classified as available-for-sale, no declines are deemed to be other than temporary.

In general, investments are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could be material.

OTHER INVESTMENTS:

Other investments are summarized as follows:

	December 31,			
	2020		2019	
Loans to, and Investments in, CUSOs	\$ 617,143	\$	277,195	
Total	\$ 617,143	\$	277,195	

Loans to, and Investments in, CUSOs

The Credit Union has minor ownership interests CUSOs providing services to the credit union market. Such investments, as a practical expedient, are recorded at cost, less impairment, plus or minus observable price changes.

NOTE 3 LOANS, NET

The composition of loans is as follows:

	 December 31,				
	2020		2019		
Loans to Members:	_		_		
Fixed-Rate Term Loans	\$ 2,230,000	\$	8,506,000		
Settlement Lines of Credit	782,087		4,083,697		
Loans, Net	\$ 3,012,087	\$	12,589,697		

There were no past due, impaired, restructured or nonaccrual loans and management determined that all loans to member credit unions were collectable in full and therefore no allowance for loan losses was deemed necessary as of December 31, 2020 and 2019. Management considers loan balances to a single member greater than 20% of loans to be a concentration. At December 31, 2020, the Corporate had three loans to two members totaling \$2,782,087 (92% of total loans) at interest rates of 1.25% to 3.41%. Despite the limited lending volume, the Corporate has established an internal risk rating system for loans to monitor member's financial health.

NOTE 4 PREMISES AND EQUIPMENT, NET

The Corporate's premises and equipment is summarized as follows:

	December 31,				
	2020			2019	
Land	\$	459,127	\$	459,127	
Buildings	4	4,597,187		3,147,577

Share Certificates	358,466,743		3,754,308
Total	\$ 4,709,383,332	\$	15,010,753
		Di	vidend and
<u>December 31, 2019</u>	Balance		vidend and rest Expense
December 31, 2019 Share Accounts	Balance \$ 2,527,022,084		
		Inte	rest Expense
Share Accounts	\$ 2,527,022,084	Inte	37,602,678
Share Accounts Nonperpetual Contributed Capital Account (NCA)	\$ 2,527,022,084 4,760,681	Inte	37,602,678 4,827

Share accounts are comprised of settlement and overnight shares that are available on demand and other short-term liquidity accounts that require 30-day notice for withdrawal. Typically share account dividends accrue daily and are paid monthly. Share certificates typically have specific maturities and dividend rates. Dividend payments on share certificates vary depending on type and the length of maturity. Share certificates can be redeemed by members prior to maturity at fair value, as determined by Corporate America. Dividend rates are set by management, as authorized by Corporate America's board of directors, based on an evaluation of current and future market conditions.

Scheduled contractual maturities of share certificates as of December 31, 2020 are as follows:

Year Ending December 31,	Amount
2021	\$ 210,821,764
2022	70,496,431
2023	77,061,374
2024	72,174
2025	15,000
Total	\$ 358,466,743

The aggregate amount of members' share and savings accounts in excess of \$250,000 at December 31, 2020 and 2019 was \$4,610,671,843 and \$1,602,144,076, respectively.

NOTE 5 MEMBERS' SHARE AND CAPITAL ACCOUNTS (CONTINUED)

Member Contributed Capital under Revised Corporate Rule 704

Effective October 20, 2011, the Revised Corporate Part 704 Rule established new capital types. The term "perpetual contributed capital" (PCC) replaced "paid-in capital" (PIC) and the term "nonperpetual capital account" (NCA) replaced the term "membership capital account" (MCA). Under the revised rule, MCAs that were not converted to NCAs or PCC by October 20, 2011, were put on notice by the Corporate and, to the extent not needed to cover operational losses, returned to the member at the end of the notice period. (See also Note 7 – Regulatory Capital and Revised Corporate Rule 704.)

Nonperpetual Capital Accounts (NCA) – have an indefinite term with a minimum withdrawal notice of five years; are not insured by the NCUSIF or other share or deposit insurers; cannot be pledged against borrowings; and are available to cover losses that exceed the Corporate's retained earnings, all capital accounts issued before January 18, 2011 and perpetual capital accounts issued on or after January 18, 2011. Any such losses would be distributed pro rata, at the time the loss is realized, among NCA account holders. To the extent that NCA funds are used to cover losses, the Corporate is prohibited from restoring or replenishing the affected accounts under any circumstance. In the event of liquidation, the holders of NCAs will claim equally; these claims will be subordinate to all other claims (including uninsured obligations to shareholders and NCUSIF claims), but not including contributed capital accounts issued before January 18, 2011 or perpetual capital accounts issued on or after January 18, 2011. However, NCAs that are used to cover losses in a calendar year previous to the year of liquidation have no claim against the liquidation estate.

Nonperpetual Paid-In Capital Accounts (PIC II) – Nonperpetual PIC accounts were offered at the discretion of Corporate America, are not subject to share insurance coverage by the NCUSIF, are callable only at the option of the Corporate with prior permission from both the NCUA and the ACUA, and may not be pledged in whole or in part. Paid-in capital share deposits are available to cover losses that exceed retained earnings and, in the event of liquidation, funds in the PIC II accounts are payable only after satisfaction of all liabilities including NCAs and perpetual contributed capital (PCC), but not including perpetual paid-in capital (PIC III). Corporate America's nonperpetual paid-in capital (PIC II) consisted of one separate issuance on June 29, 2001 with a maturity date of June 28, 2021, with \$404,696 outstanding as of both December 31, 2020 and 2019, respectively.

NOTE 5 MEMBERS' SHARE AND SAVINGS ACCOUNTS (CONTINUED)

Member Contributed Capital under Revised Corporate Rule 704 (Continued)

For financial statement presentation, PIC II is classified as a member deposit account liability due to the fact that it is nonperpetual.

Member accounts are insured to at least \$250,000 by the NCUSIF. The NCUSIF is a federal insurance fund backed by the full faith and credit of the U.S. government.

NOTE 6 BORROWED FUNDS

The Corporate maintains a line of credit with the Federal Home Loan Bank (FHLB) of Atlanta from which it obtains structured collateralized advances. There were no outstanding advances as of December 31, 2020 and 2019. The maximum credit available at December 31, 2020 and 2019 was \$1,297,659,250 and \$740,134,000, respectively; this amount is evaluated and adjusted monthly based on the size of the Corporate's assets. At December 31, 2020 and 2019, the advances are collateralized by investments with market values totaling \$1,060,719,947 and \$192,897,727, respectively. The Corporate has no loan balances outstanding as of December 31, 2020 and 2019 under this borrowing arrangement.

NOTE 7 REGULATORY CAPITAL

Corporate America is subject to various regulatory capital requirements administered by the NCUA. Failure to meet minimum capital requirements can initiate certain mandatory, and possible additional, discretionary actions by regulators that, if undertaken, could have a direct material effect on the Corporate's consolidated financial statements. The regulatory capital standards are set forth by the NCUA in Part 704 of the NCUA Rules and Regulations. The revised corporate rule Part 704 became effective on October 21, 2011. Among other things, the revised final rule modified the corporate credit union capital requirements to make them more consistent with the Basel 1 capital requirements imposed by banking regulators on banks. The revised final rule 704 establishes a new capital structure, including risk-based capital requirements and established prompt corrective action (PCA) requirements for corporate credit unions.

The revised final rule 704 replaced the 4% minimum total capital ratio with three minimum capital ratios:

- Leverage Ratio (4% to be adequately capitalized) (5% to be well capitalized) The 4% leverage ratio became effective on October 21, 2013 and is defined as the ratio of Tier 1 core capital to moving daily average net assets (MDANA).
- Tier 1 Risk-Based Capital Ratio (4% to be adequately capitalized) (6% to be well capitalized) Tier 1 core capital is defined as the sum of retained earnings and perpetual contributed capital. The Tier 1 risked-based capital ratio is defined as the ratio of Tier 1 capital to the moving monthly average net risk-weighted assets (MMANRA).
- Total Risk-Based Capital Ratio (8% to be adequately capitalized) (10% to be well capitalized) The total risk-based capital ratio is defined as the ratio of total capital (retained earnings, perpetual contributed capital (PCC) or nonperpetual capital (NCA) to moving monthly average net risk-weighted assets (MMANRA)).

Failure to meet any of these three minimum ratios triggers a capital restoration plan requirement and potentially other new PCA provisions. The 704 regulatory definition of Tier 1 capital changed November 2017. Corporates are required to deduct any amount of PCC received from federally insured credit unions that causes PCC minus retained earnings, all divided by moving daily average net assets, to exceed 2% when a corporate credit union's retained earnings ratio is less than 2.5%. As of September 2018, CACU is not required to reallocate from Tier 1 to Tier 2 capital as a result of the calculation.

As of December 31, 2020, the most recent NCUA Call Reporting period, the Corporate was categorized as "adequately capitalized" based on the Leverage, Tier 1 and Total risk-based capital ratios under the regulatory framework for prompt corrective action. To remain categorized as "adequately capitalized" or "well capitalized", the Corporate will have to maintain minimum Total risk-based, Tier 1 risk-based, and Leverage ratios as disclosed in the tables below. There are no conditions or events since the most recent notification that management believes have changed the Corporate's prompt corrective action category.

NOTE 7 REGULATORY CAPITAL (CONTINUED)

The Corporate's actual and required capital amounts and ratios are as follows:

	Actual		For Capital Ad Purpose		To be Consid Well Capital	
December 31, 2020	Amount	Rate	Amount	Rate	Amount	Rate

NOTE 8 RELATED PARTY TRANSACTIONS

The board of directors of the Corporate is comprised of employees of member credit unions. During the years ended December 31, 2020 and 2019, the Corporate entered into numerous transactions with these member credit unions. The transactions were based on the individual credit union's investment and liquidity needs and their approved line-of-credit agreements. Management is of the opinion these transactions were made in accordance with existing regulations and were consummated on terms equivalent to those that prevail in arm's length transactions.

As of December 31, 2020 and 2019, there were two loans outstanding to these member credit unions in the amount of \$2,000,000 and \$8,300,886, respectively. Deposits from these member credit unions at December 31, 2020 and 2019 amounted to \$522,423,249 and \$585,962,355, respectively.

NOTE 9 COMMITMENTS AND CONTINGENT LIABILITIES

Financial Instruments with Off-Balance-Sheet-Risk

The Corporate, in the normal course of business, is party to conditional commitments to meet the investment and liquidity needs of member credit unions and to reduce its overall exposure to fluctuations in interest rates. These commitments represent financial instruments to extend credit which are primarily advised lines of credit. These instruments involve, to varying degrees, elements of credit and interest rate risk in excess of the amount recognized in the consolidated statement of financial condition. The contract or notional amounts of those instruments reflect the extent of involvement the Corporate has in particular classes of financial instruments. The Corporate's exposure to credit loss is represented by the notional amount of those instruments. The Corporate uses the same credit policies in making commitments as it does for on-balance-sheet instruments. The Corporate requires collateral or other security to support financial instruments with credit risk. As of December 31, 2020 and 2019, unfunded commitments under advised lines of credit approximated \$2,363,108,660 and \$2,378,915,865, respectively.

Commitments under revolving lines of credit are subject to the member credit unions meeting certain requirements set by the Corporate at the time advances are required. Since many commitments are never fully drawn, the total committed amount does not necessarily represent future cash requirements. Management evaluates each member's creditworthiness on a case-by-case basis. Advances are secured by substantially all of the member's assets excluding residential real estate loans.

Lawsuits

The Corporate was not party to any legal actions as of December 31, 2020.

NOTE 10 FAIR VALUE

The estimated net loss and transition asset for the defined benefit pension plan that will be amortized from accumulated other comprehensive income into net periodic benefit cost over the next fiscal year is \$144,357.

NOTE 11 RETIREMENT PLANS (CONTINUED)

Basis Used to Determine Discount Rate – The discount rate is determined using the FTSE Above Median Pension Liability Index (formerly Citigroup Pension Curve) as of December 31, 2020.

Basis Used to Determine Long-Term Rate of Return on Assets – Expected long-term return on plan assets is determined by applying historical average investment returns from published indexes relating to the current allocation of assets in the portfolio.

Description of Investment Policies and Strategies – The Corporate's overall investment strategy is to safeguard the benefits they are obligated to pay to the employees. The pension fund is invested in broadly diversified funds to attempt to achieve a long-term annual average rate of return equal to approximately 6% while maintaining a reasonable volatility level.

The fair values of the Corporate's pension plan assets at December 31, by asset category, are as follows:

Level 1 Inputs

The JH LS Balance Active Strategy, JH LS Moderate Active Strategy, and JH LS Conservative Active Strategy growth are mutual funds in which the valuation is based on quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

NOTE 11 RETIREMENT PLANS (CONTINUED)

401(k) Plan

The Corporate sponsors a profit sharing 401(k) retirement plan covering substantially all employees. Under the plan, the Corporate matches the first 5% of the participant's deferral. The Corporate's expenses related to this plan for the years ended December 31, 2020 and 2019 totaled \$348,987 and \$225,400, respectively.

NOTE 12 REVENUE FROM CONTRACTS WITH MEMBERS

The following presents Noninterest Income, segregated by revenue streams in-scope and out-of-scope of Topic 606, for the years ended December 31, 2020 and 2019:

	2020	2019
In scope of ASC 606		
Service Charge and Member Account Fees	\$ 6,110,591	\$5,473,235
Other	380,351_	313,162
Noninterest Income in scope of ASC 606	6,490,942	5,786,397
Noninterest Income not within the scope of ASC 606	3,261,167	759,757
Total Noninterest Income	\$ 9,752,109	\$ 6,546,154

The Corporate does not typically enter into long-term revenue contracts with members, and therefore, does not experience significant contract balances. As of December 31, 2020 and 2019, the Corporate did not have any significant contract balances. As of December 31, 2020, the Corporate did not capitalize any contract acquisition costs.
