Capital

As of June 2024, Corporate America Credit Union ("CACU") continues to exceed minimum capital requirements. As of June 30th, our Tier 1 Capital Ratio is 7.59% and remains above the regulatory requirement of 4.00%. Both the Tier 1 Risk-Based Capital Ratio and Total Risk-Based Capital Ratio exceed the minimum requirements. This is primarily due to the higher concentration of government and agency holdings within the investment portfolio that carry a 0% to 20% risk weighting.

Asset Quality

Corporate America's investment strategy is one of purchasing high quality permissible securities with senior cash flow structures to provide competitive returns. CACU conducts detailed due diligence in assessing credit risk in non-government guaranteed positions. At the end of June, 45.03% of the portfolio is government backed, 53.50% is rated AAA/AA+, .70% is rated AA/AA-, and .78% is rated <AA-.
